PUBLIC NOTICES

New Delhi, the 26th July 1948

SUBJECT:—Principles governing the issue of import licences for the period July-December 1948.

No. 1(13)-I.T.C./47(1).—The following decisions made by the Government of India governing the issue of import licences for goods falling under Parts II to V of the Import Trade Control Schedule for the licensing period July-December 1948 are hereby published for general information. These decisions do not apply to goods falling under Capital Goods and H.E.P. Licensing procedure which has been prescribed in the Public Notice issued on 10th April 1948.

2 As already announced on 3rd July 1948 the exchange position in respect of sterling and soft currency countries is now easier and restrictions on import of certain goods from these countries have been removed *vide* Open General Licence No. XI.

3. The foreign exchange position in respect of dollar and hard currency however continues to require a close watch as in the past. For the purpose of licensing of imports during July-December 1948:

(i) Dollar Area is defined to comprise all countries in the continents of North, Central and South America and the Phillipine Islands with the exception of Brazil, Chile and Uruguay;

(ii) (a) Bizonia i.e. Anglo-American Zones in Germany;

(b) Belgium and Belgian colonies;

(c) Portugal and Portuguese colonies excluding Portuguese possessions in India; and

(d) Japan.

are treated as hard currency countries.

(iii) Sweden and Switzerland are treated as medium currency countries, i.e., neither hard nor soft. Open General No. XII has already been issued permitting import of certain articles from these countries for a limited period.

4. Appended to this Public Notice is a statement (Appendix I) which shows in a tabular form licensing policy which will be followed in respect of imports from different areas except Japan. A separate notice will be issued shortly in respect of imports from Japan.

5. Importers are requested to study the Appendix carefully and avoid making applications for import licences for articles which will not be licensed.

(1061)

6. **Period of Validity of Licences.**—All licences will be valid for shipments made within a period of six months from the date of issue of the licence except in the case of articles mentioned in Appendix II to this notice. The period of validity for licences for articles stated in Appendix II will be one year from the date of issue. The period of validity of each licence will be specified on it.

7. **Form of Application.**—A new form of application has been drawn up as in Appendix III. Applications for import licences for July-December 1948 should be made in this form and all the information required should be accurately furnished. Any application which is not made in the proper form or which does not furnish all the relevant information required by this form is liable to be summarily rejected. In their own interests applicants are requested to send each application separately with relevant documents by registered post acknowledgment due.

8. In the case of articles which are subject to overall monetary limits, where goods are raw materials and accessories used in Industrial concerns, applications from actual consumers of goods will receive consideration. Actual consumers should clearly specify in their application their past and estimated consumption of the article concerned, as required in para. 6 of the form of application.

9. Tyre Manufacturers, Electric Lamp Manufacturers, Fan Manufacturers, Radio Manufacturers, Cycle Manufacturers, Battery Manufacturers and Electric Motor & Transformer Manufacturers should submit to the Chief Controller of Imports a fresh consolidated application for each country of supply to cover their requirements of all imported raw materials etc. needed by them for their own manufacture. Detailed list of articles required with their value should be attached to the application. They need not submit applications separately to the various licensing authorities except that in the case of goods falling under Parts I and VI of the Import Trade Control Schedule applications should be made to the proper licensing authorities as usual.

10. In applying for licences for commodities whose imports are restricted by monetary ceilings, applicants who have imported these commodities in the past should specify their past imports of the article applied for during any completed financial year not earlier than 1937-38 and up to 1947-48. The statement of past imports should be supported by Customs bills of entry and/or postal declaration forms.

11. No time limit has been fixed for receiving applications from importers who are

- (i) actual consumers of industrial raw materials and accessories; and
- (ii) who have imported the commodities concerned during any financial year between 1937-38 and 1947-48 (inclusive).

It is hoped to deal with these applications chronologically as and when received.

12. A separate notice is under issue laying down procedure for receiving applications from new-comers, i.e. importers other than those specified in para. 11 above.

13. **The Authorities to whom applications should be made.**—Applications for import licences for articles comprised in Part V of the Import Trade Control Schedule attached to Commerce Department Notification No. 23-ITC/43, dated the 1st July 1943, should be made to the Chief Controller of Imports, New Delhi. In addition, applications will be received by the Chief Controller of Imports, New Delhi, direct for the items enumerated in Appendix IV falling in Part IV of the Import Trade Control Schedule, attached to Commerce Ministry Notification No. 23-ITC/43, dated the 1st July 1943.

14. Except for the articles in Appendix IV applications for imports of all articles falling in Part IV of the Import Trade Control Schedule should be made to the Import Trade Controller at the ports where similar goods were imported by the applicants in the past. Applications for import licences for articles in Parts II and III should be made to the Deputy Chief Controller of Imports, Calcutta and Bombay respectively. Applications for Textile Machinery falling in Part III should be made to the Deputy Chief Controller of Imports, Bombay, in triplicate.

15. A separate Public Notice will be issued by the Deputy Chief Controller of Imports, Bombay, in respect of raw cotton falling under Serial No. 2 of Part III.

16. Applications from those who had import business in the past at Karachi and Chittagong and who are residents of the Dominion of India should be submitted for all Part IV goods to the Chief Controller of Imports, New Delhi, with relevant documents in support of their past imports. If Bills of Entry or other direct evidence cannot be furnished indirect evidence, viz., a Banker's Certificate or a Certificate from the supplier showing the extent of past imports of the article concerned should be produced in support of the application.
